

WOMEN & GIRLS FESTIVAL

GRANT INFORMATION

Why?

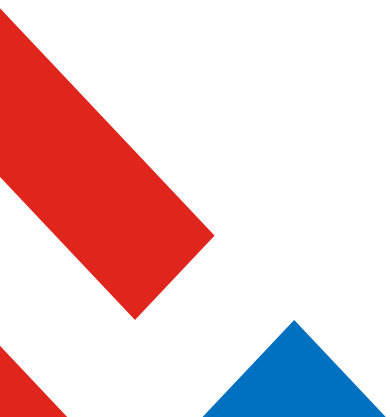

England Futsal are seeking to work with partners to pilot Women & Girls futsal engagement festivals. For us this is about testing & learning – you know your local area best so tell us what you need to get women & girls who are new to futsal enjoying our beautiful game!

How?

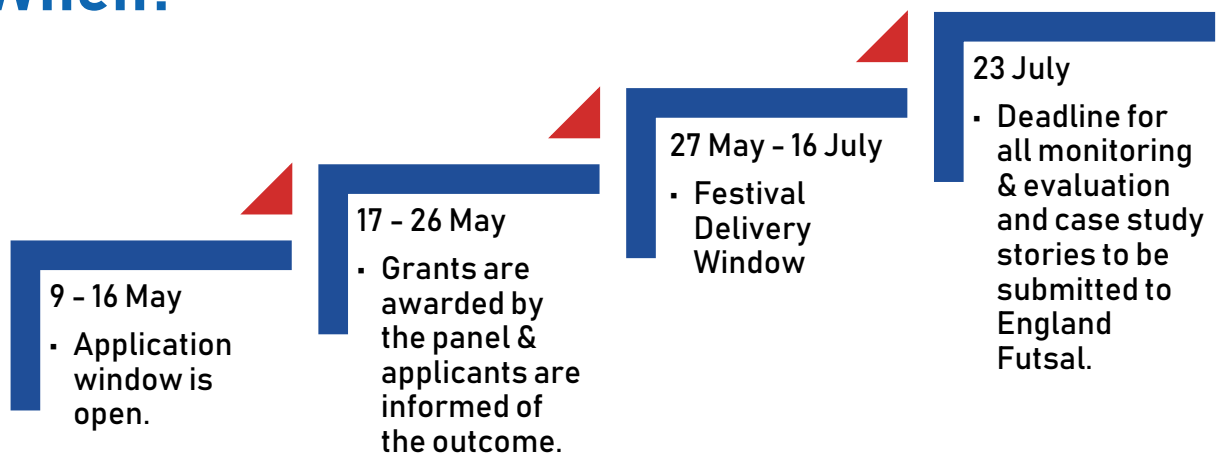

Complete & submit an application to the awards panel. You can apply for up to £1,000.00 of grant funding to deliver a new event targeted at growing Women & Girls participation in Futsal. Favour will be given to applications that have thought about where they will sign post players to play after the one-off festival event.

Successful applicants will need to deliver their engagement event and report back to England Futsal. Reporting data will be a combination of playing data as well as qualitative storytelling. England Futsal will support you to collect this data by giving you templates. England Futsal will also support your event by giving you editable marketing assets.

50% of your grant will be paid at the start of the delivery window for which delivery organisations will need to invoice. The second 50% will be paid once monitoring & evaluation reporting has been submitted, again with organisations needing to invoice.

When?

Who?

In order to be eligible to apply you must be:

- A not-for-profit futsal club, football club or voluntary group
- An educational establishment
- A registered charity
- A not-for-profit company
- A community interest company (CIC) or other social enterprise
- A company limited by guarantee
