

COACH APPRENTICE

Focusing on introductory technical instruction, the Coach Apprentice program will teach participants about the disciplines seen at Little Athletics.

Led by LAVic regulars, Doug Cobbledick and David Green, this program will assist graduates who volunteer at Centre level and/or act as an assist coach (Please note: to lead sessions in a paid capacity, appropriate accreditation must be attained). This program is ideal for all involved in our sport, whether aspiring coach, parent, and/or committee member seeking a greater understanding of track and field.
